REMARKS/ARGUMENTS

Favorable reconsideration of this application, as presently amended and in light of the following discussion, is respectfully requested.

Claims 1-6 are pending in the present application. No claims are canceled, amended, or added by the present amendment.

The outstanding Quayle Action indicates this application is in condition for allowance except for informalities in the Title of the specification and the drawings.

Accordingly, the Title of the invention is amended by the present amendment to be technically accurate and descriptive. Therefore, it is respectfully requested the objections to the Title be withdrawn.

In addition, regarding the objection to the drawings, Figure 1 is amended to provide labels for empty boxes identified with reference indicators 12 and 13. Accordingly, it is respectfully submitted the figures comply with the requirements at 37 C.F.R. § 1.83(a), and therefore it is respectfully requested the objection to the drawings be withdrawn.

Therefore, it is respectfully requested this application pass to issue.

Respectfully submitted,
